GWID, NetID & Columbian Cloud accounts

There are **three types** of accounts you will be given by the university to access different services:

- + GWID
- + NetID
- + Columbian Cloud

... What are they?

Your **GWid** is what you use for really sensitive stuff with the university, usually regarding employment. Your GWid looks like this:

G12345678

(A letter 'G' followed by 8 numbers.)

Your GWid is one of the first things you get at GW. It's created by the Division of Information Technology (GW IT). If you have problems, contact GW IT at:

<http://it.gwu.edu>

Phone: 202-994-4948

ithelp@gwu.edu

If you've forgotten your GWID, you can retrieve it here:

<https://my.gwu.edu/mod/gwid/index.cfm>

Your **NetID** is what you use to access your GW gmail, Gweb, calendars, Blackboard, Lynda, Adobe, and other services. Your Net ID is your GWU email address without the @gwu.edu part. You can claim your NetID, or if you've forgotten your password, reset it here:

<https://identity.gwu.edu/claim/>

It's also maintained Information Technology (GW IT). If you're having problems resetting your password, contact GW IT at:

<http://it.gwu.edu>

Phone: 202-994-4948

ithelp@gwu.edu

Your **Columbian Cloud** account is what you use to log into computers in the labs in Columbian College. This includes access to a personal cloud drive, and shared class drives.

If you need to reset your password, go here:

<https://password.ccas.gwu.edu/PMUser/>

You should have already received an email with information about setting up your Columbian Cloud account. If you haven't, or run into problems, contact:

202-994-HELP
ots@gwu.edu

Important: Using Adobe in the labs

With the release of Creative Cloud 2019, Adobe has changed the way the software licenses work on lab computers. For each work session, you will need to:

1. Log into the lab computer with your **Columbian Cloud** account (the generic login will not give you access to CC.)
2. Launch any Adobe app; a login dialog will appear.
3. In the “User” field type **your full NetID (user@gwu.edu)** and hit “**return**” (no password needed here.)
4. You will be redirected to a **GW single sign-in**.
5. Use **your NetID without “@gwu.edu”** and your NetID password.

Yes, it's complicated. <sigh>

We have information on our website about the new single sign-on system.

You'll be redirected to this screen. Type in your NetID (without the @ email stuff) and your password, then hit the Login button.

You're in! Next, click on **Desktop apps**...

A screenshot of the Adobe Creative Cloud user interface. At the top, there is a user profile icon and the letter 'B.'. Below this is a 'Manage account' button. The main content area is divided into two columns. The left column has a section titled 'CREATIVE CLOUD APPS' which contains a link to 'Desktop apps' (highlighted with a red oval and a red arrow pointing to it from the text box above). Below this is the 'ADOBE STOCK' section with the Adobe Stock logo and the text 'Photos, Illustrations, Graphics and Videos'. The right column is titled 'SUPPORT' and contains links for 'Learn & Support', 'Contact Us', and 'Community Forums'. At the bottom of the interface is a 'Sign out' button.
